

Abdelrahman Issam Ismail

Senior Front-end developer

Mobile: 009 05373703284

Email: Abdelrahman3D@gmail.com

Portfolio: Abdelrahman3D.me

Objective: I am a computer engineer experienced in creating web solutions using JavaScript, VueJs, and Stylus. I worked on design systems and many open-source tools that aim to introduce new better solutions for both end-users and developers. I'm obsessed with performance and design patterns, I also love to work with SVG web animation.

EXPERIENCE

Knawat (Istanbul, Turkey)

now **Front-end Developer**

... Migrating the core application, to Vue.js framework from Meteor Blaze,
2019 plus enhancing the overall user journey to give a better user experience.
